

Loud Ads Frontend Freelance Roadmap

Price List

Project Type	Price (Rands)	Time to Finish
Landing page	R1,500	1 day
Portfolio website	R3,000	2–3 days
Small interactive tool	R2,000	2 days
Online flyer / event	R1,000	1 day

Step-by-Step Freelance System

 **Build Portfolio** - Make 3–5 sample sites showing your work (HTML/CSS/JS). - Put them online to show clients.

 **Find Clients** - Check local businesses (coffee shops, gyms, tutors, etc.). - Use Google Maps, Instagram, Facebook.

 **Contact Clients** - WhatsApp, email, or DM:

“Hi, I’m Jayden from Loud Ads. I make modern websites for businesses. My landing pages start at R1,500. Can I show you examples?”

 **Deliver Projects Fast** - Keep projects small (1–3 days max). - Underpromise, overdeliver → happy client → referrals.

 **Daily/Weekly Routine** - **Daily:** Send 5–10 client messages + update portfolio. - **Weekly:** Finish 1–2 projects. - **Monthly:** 4–5 projects delivered → consistent income.

 **Optional Growth** - Later, learn React/Tailwind → bigger projects → higher rates.

Tips: - Consistency beats hours. Stick to the routine. - Track messages, clients, and project progress. - Keep your portfolio updated with your best work.

Result: Follow this roadmap and you’ll have **paying clients every month**, even without React, and can scale later.
